

# Bridgepoint Hospital

Toronto, Ontario, Canada

Bridgepoint Hospital located in Toronto, Ontario, Canada has been a satisfied customer of Aladdin Temp-Rite for over 20 years. This 518 bed facility utilizes a cook-serve operation and has been using Aladdin Skandia insulated tray system consistently since becoming a valuable Aladdin customer.

Karen Foster, RHN the Director of Foodservice and Environmental Services shared her thoughts with us as to why this relationship has lasted so long:

“Meals arrive hot, attractively presented and meal tray components support patient independence and our patient satisfaction scores are consistently high.”

“Aladdin provides us with excellent client service and support and we have found the Aladdin equipment to be well made and out performed and exceeded the life cycle expectations.”

Aladdin looks forward to many more years of providing excellent service and equipment to meet the needs of Bridgepoint Hospital.
