

HEAT **ON** DEMAND

Advantage[®] **RS+**

MEAL DELIVERY SYSTEM

Where performance
meets design.

Aladdin Temp-Rite[®]
better by degrees

BIG ADVANTAGES COME IN SMALL PACKAGES!

PERFORMANCE

When used with heated plates and Radiance® high performance domes.

QUALITY

Serve patients highest quality meals at ideal temperatures.

SPEED

Fast 15 second cycle time.

INTELLIGENCE

4-color LED status light and automatic voltage calibration.

HEAT ON DEMAND

Advantage RS+

Reliability

Durable stainless-steel construction with solid-state electronic controls.

Safety

Cool touch bases and error prevention logic eliminate safety concerns.

Flexibility

Long hold-time performance with¹ or without² heated plates.

COMPACT

Low-profile design fits tight tray assembly work spaces.

Efficiency

Save time with hassle-free base insertion, and clear visual and audible cycle alerts.

Energy Savings

Efficient induction technology and automatic power shut-off reduce energy expenses.

Model:
ADV650+ (208-240 volt)

¹ 75+ minutes hold-time with heated plate; 11-oz. (311 grams) of food input at 165°F (74°C) with a 165°F (74°C) heated plate, using an Aladdin Radiance™ dome.

² 53+ minutes hold-time without using a heated plate; 11-oz. (311 grams) of food input at 165°F (74°C) without a heated plate, using an Aladdin Radiance™ dome.
