

Model # PCD11AG, PCD11ATB

Poker Chip Dolly

Aladdin Temp-Rite's poker chip dolly is specially designed to simplify the storage and movement of clean dishware.

The Aladdin Temp-Rite poker chip dolly is easily adjustable to four different plate size configurations which reduces the amount of space required to store a normal compliment of dishes. The four standard configurations have a vertical storage capacity ranging from 40 to 60 dishes per column.

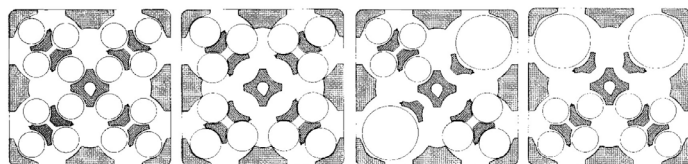

STANDARD FEATURES:

- Easy to use
- Two handed access for fast, safe loading and unloading of dishes
- Dishes are stored 12" (30.5 cm) above the floor for ease of loading and unloading
- Unique design allows for up to 320 7 3/4" (19.7 cm) plates and 240 9 1/2" (24.1 cm) plates with the same basic configuration
- Rounded corner design eliminates the need for bumpers
- Hand grips on all four sides to enhance portability
- Low profile allows for storage under counters
- Seamless high density polymer construction with a rigid foamed-in-place polyurethane core
- Standard six-mil vinyl cover protects dishes during storage periods
- Rounded seamless design allows for easy cleaning of unit
- 4 Heavy-duty 5" (12.7 cm) ball-bearing swivel and axle casters, two with brakes
- Casters secured to an internal metal support
- Standard unit comes with four dividers and center column
- Available in true blue and gray

OPTIONS:

- Divider sets containing 4 dividers allow for storage of smaller diameter plates or combinations of different size dishware at the same time. Aladdin Temp-Rite Model # AD11A
- Additional covers Aladdin Temp-Rite Model # PCDV11A
