

Stainless Steel Room Service Carts

SCE Model Series: 1 Tray Per Shelf

Aladdin's SC Series Carts are the smart choice for patient meal delivery and tray retrieval. Their bold, contemporary look is as stylish as it is functional.

Inside, welded stainless steel tube framing gives these carts an enhanced core strength that also dampens noise for a quiet-rolling cart.

Their lightweight and ergonomic design makes our SC Series Carts easy for employees to maneuver *quickly and quietly* through busy kitchens, tight elevators and crowded hallways. These small-capacity, space-saving carts are perfect for room service operations and late-tray deliveries.

Standard Configurations:

- 1-tray per shelf
- 8- or 10-tray capacity with 5.25" (13.3 cm) tray spacing
- 9-tray capacity with 4.5" (11.4 cm) tray spacing

SCE Series Carts have adjustable tray ladders that fit these popular tray sizes:

- 14" x 18" (36 cm x 46 cm) trays
- 15" x 20" (38 cm x 51 cm) standard cafeteria tray
- 15" x 20" (38 cm x 51 cm) Aladdin Room Service trays (RST1)
- Non-Aladdin Room Service tray sizes:¹
 - 15" x 20" (38 cm x 51 cm); 15" x 21.5" (38 cm x 55 cm);
 - 15.5" x 21.5" (39 cm x 55 cm)

SC carts: The smart choice - only from Aladdin!

¹To ensure non-Aladdin trays fit properly, we recommend that you provide a tray sample to your Territory Manager for testing prior to ordering carts.
