

## Starter Station Model SS3L

*Shown with stainless steel  
pans (not included)*

*Shown with plastic pans  
(sold separately)*

Aladdin Temp-Rite's SS3L starter station is designed to provide the most efficient use of vertical space at the beginning of the tray assembly line. Interchangeable pans, in four capacity configurations, allow you to configure a starter station designed to meet your specific menu requirements.

This starter station even has convenient, accessible storage shelves for back-up supplies of flatware and condiments to avoid tray assembly interruptions.

### System Features & Benefits:

- Accepts most standard stainless steel and plastic steam table pans in full, half and third sizes
- Strong welded tubular stainless steel frame
- Work surface and storage shelves are made from stainless steel
- Interchangeable flatware and condiment pans are available from Aladdin in four configurations to suit your menu requirements
- Two fixed and two swivel 5" stem casters with brakes for easy positioning

### Plastic Pans Sold by Aladdin

- HPP2 - Half size pan, 2" deep
- HPP4 - Half size pan, 4" deep
- TPP2 - Third size pan, 2" deep
- TPP4 - Third size pan, 4" deep

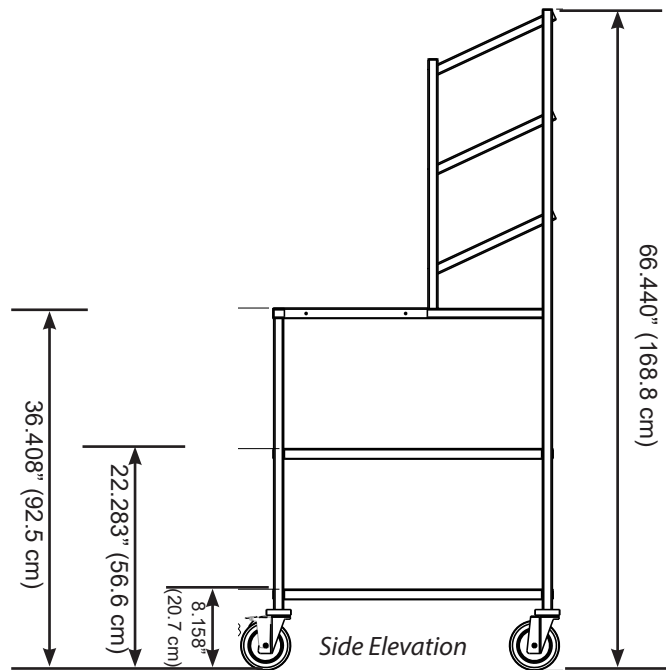

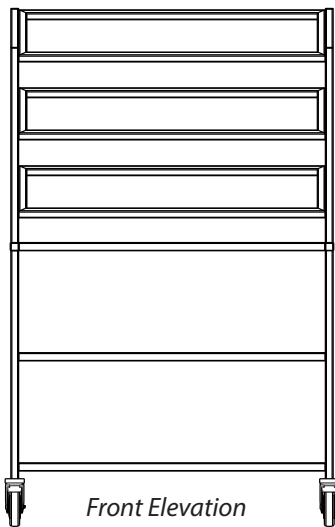

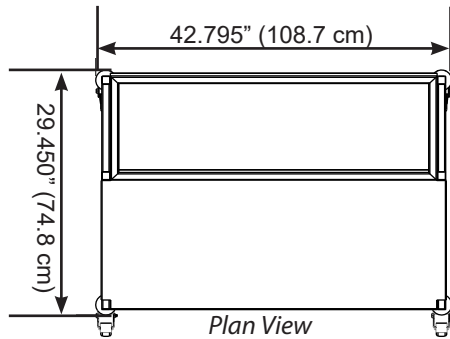

NOTE: Pans should not be heated

NOTE: Pans should not be microwaved

Accepts most standard stainless steel and plastic steam table pans in full, half and third sizes
