

Utility Counters Models J710 & J710A

Aladdin Temp-Rite's utility counters are designed to round out tray assembly with a versatile multipurpose work service which provides an efficient work station.

Standard counters include under storage to optimize storage space and are available in two lengths.

Standard Features:

- **Cabinet Construction:** Durable, 14-gauge stainless steel counter top 37" (94 cm) height above the floor. Counter top edges features a #7 Hi-Lite finish. Stainless steel front and end panels. Heavy gauge all-metal construction with reinforcement at stress points.
- **Under-Storage:** Standard model includes open under-storage with intermediate shelf and stainless steel floor panels to provide additional storage space.
- **Casters:** Four 5" (12.7 cm) swivel non-marking casters with brakes.

Ease of Use:

- Lower shelf for extra storage space
- No assembly required
- Removable floor panels

Customization:
